Ross bows are available with and without an accessory package.
All bows with factory installed accessories are tuned, test fired and ready to shoot.

The Ross Accessory Package includes:

- 5-pin Sight
- Braided Sling
- Octane 7" Camo Stabilizer
- Metal Peep
- Hostage Pro Arrow Rest
- Octane 1-piece, 5-arrow Camo Quiver

Ross camo finish is RealTree AP.

IBO speed ratings are the industry standard and are calculated using an arrow weighing 5 grains per pound (350 gr) at 70# draw weight with a 30" draw.

Performance testing is completed using a Custom Chrono, Heavy Duty ProShop Meter and digital scales (digital scales have a variance of +/- 1%). Speed ratings have been obtained with factory installed brass nock and FlatLine Vibration Dampening System. The use of these accessories decreases velocity by 5-8 fps.

Draw length modules are available in 1/2" increments on all models except the Cardiac 31 and Cardiac 34.
